GLOBAL PRESENCE IN OVER 50 COUNTRIES

Although MOL-LUB's distribution focuses on the CEE region, the company is also exporting to numerous markets across Europe, Ukraine and Russia as well as to overseas countries as far away as Taiwan, China, Chile and the Cook Islands.

MORE THAN
110
YEARS OF
HISTORY

The history of **MOL Lubricants** dates back to **1907**, when the Vacuum Oil Company's lubricants factory began production in Almásfűzitő, Hungary. With more than **110 years' experience**, a first rate technological background and valuable expertise have together contributed to the company's continuously growing range of lubricants and chemicals and established the basis for regional expansion.
